There was not the sound of a heavy machine.
There was not the sound of traffic jams or even an airplane.

There was a sound like a: subtle murmur, a soft fading or like deep sigh.

Just before they undress.

SERIAL KILLER BEHAVIOR

Serial killer behavior

Serial rapist/killer Ted Bundy.

"Porn is addictive and progressive."

Serial killer behavior

Ted Bundy quotes:

"I've lived in prison for a long time now and I've met a lot of men who were motivated to commit violence just like me and without exception, every one of them was deeply involved with pornography. Without question, without exception, deeply influenced and consumed by addiction to pornography."

***Why** a human become a killer?*

Genesis 4:6-7
English Standard Version (ESV)

6 The LORD said to Cain, "Why are you angry, and why has your face fallen? 7 If you do well, will you not be accepted? And if you do not do well, sin is crouching at the door. Its desire is contrary to you, but you must rule over it."

Serial killer behavior

Serial Killers' Sexual History

Pornography

Pornography as a facilitator in serial murder was made popular by Ted Bundy's confession that pornography drove him to murder repeatedly.[64] In the sample of serial killers in this study, it was found that 64% (n = 68) of the offenders consumed pornography. This variable was defined as any offender who read and/or

collected a variety of pornographic materials. This was determined by information contained in police reports. Fox and Levin point out the role of pornography as a facilitator in serial murderers: "Violent pornography may not directly cause or inspire its consumers to develop into serial murderers, but it unquestionably provides a cultural context in which sexual homicide is encouraged."[64] For example, in the FBI study on serial murder, researchers found that 81% of the offenders in the study reported interests in pornography.[155] However, a study of child murderers found that only 4% of the offenders used pornography.[156] In that study, Hanfland and his colleagues explained that the exposure to pornographic materials was unnecessary in the process of getting motivated to commit murder. So, there is the question of just how influential pornography is as a motivational factor. It is quite apparent by the results of several studies that serial murderers do engage in viewing pornography on a regular basis.

PORNOGRAPHY

Pornography as a facilitator is a more complex issue. Some psychologists maintain that pornography inspires fantasies, provides models for sexual behavior, and encourages individuals to perceive females as objects. They suggest that as a visual stimulant combined with masturbation, pornography mentally conditions its consumer to derive pleasure from the fantasies of various behaviors depicted in it.

Suzanne Bartlett, beaten to death by her husband at Carlisle Barracks: notorious murders

The murder of a beloved Carlisle Barracks woman rocked the Army community in March 2002. Shock quickly turned to despair when the woman's husband, Lt. Col. David Bartlett Jr., was found to be the killer.

Bartlett, a research analyst for the U.S. Army War College, beat his 39-year-old wife, Suzanne, to death with a pestle from a mortar-and-pestle set, then strangled her with electrical wire in their home March 19, after the couple had argued over David Bartlett downloading pornography on their home computer.

What's adding fuel to the fire?

You may be wondering, what could be fueling this culture of victim-shaming and sexual assault? It's possible that one potential factor adding fuel to the already-burning fire is extreme, violent pornography.

It is not uncommon for military members to come home from a deployment, addicted to pornography. Military spouses often complain about these devastating addictions post-deployment. In fact, in an interview with the Military Times, Navy Lt. Michael Howard, a licensed therapist who works extensively with members of the military, believes that at least 20% of the military struggles with some kind of compulsive use or addiction to online pornography.
